“If I ever find myself at the podium in an award ceremony with little time to thank those that got me there, Gene Chase would be one of the first individuals I mention. In the classroom Dr. Chase taught me the core concepts of Computer Science and brought theories alive with examples and projects. Outside the classroom, he showed me how to live out discipline, confidence, passion, love, and faith.”

[Kevin Langdon](#), *VP of Engineering, D2*

“Dr. Chase exemplifies the best qualities of a teacher. His love for God, the students and teaching is evident in all that he says and does. Gene strives to challenge the students, treating them as equals. Both in and out of the classroom, Gene shows every student how much he cares for them and goes above and beyond to encourage them to be the best that they can be.” September 6, 2006

“Gene is brilliant, and always strives to stay on top of current trends in computer science. He is an outstanding teacher: a very effective communicator in a class setting; and his assignments are well crafted, serving to advance students' knowledge and experience.

Gene exemplifies godliness, honor, and integrity in his work and relationships, and effectively challenges students to do the same.” August 29, 2006
